

Easy Code Formatter Privacy Policy

This is the privacy policy v1.1.0.0, published with the release of the add-in version 1.1.0.0. Applicability of this document commences on the first day that the add-in appears on appsource.microsoft.com or 1st of April 2020, whichever is before.

This privacy notice discloses the privacy practices for **Easy Code Formatter**. This privacy notice applies solely to information collected by

this add-in. It will notify you of the following:

1. What personally identifiable information is collected from you through the add-in, how it is used and with whom it may be shared.

Information Collection, Use, and Sharing

Easy Code Formatter doesn't collect / store or transmit any personal information which can be used to identify you.

We are using anonymised telemetry information from Azure Application Insights, which is used to improve the add-in. Part of this telemetry include – not limited to – identifying button clicks, most used parts of the add-in etc... This data will never be sold / shared with any 3rd party.

We are not and will never be transmitting the text that you are formatting as code.

Please note that your consent to use the add-in covers the document.

- **Easy Code Formatter** can't access your data unless you are using the add-in.

If you feel that we are not abiding by this privacy policy, you should contact us immediately via [email](#)
